PROFESSIONAL SUMMARY

I am a global health early career researcher, innovator and registered nurse with passion and experience in health systems research, AI-enabled diagnostics, and maternal health in low-resource settings like Kenya. I have served as a Principal Investigator and Co-Investigator on externally funded research projects involving AI-assisted Point-of-Care Ultrasound (POCUS), Point of care ultrasound Training, infectious disease modeling, and policy-relevant evidence generation to inform national health decision-making. I am trained in nursing and public health, bioethics, responsible conduct of research, and quantitative data analysis, with proficiency in R, SPSS, and REDCap, and I bring strong project management, interdisciplinary collaboration, and community-engaged research skills grounded in lived experience within underserved populations, with a commitment to translating rigorous research into equitable health policy and practice in low- and middle-income countries.

Interests: Maternal and Child Health | Point of Care Diagnostics | HIV and AIDs | Mental Health & Critical Care

EDUCATIONAL BACKGROUND

1. Masters in Global Health, Duke University, **USA, North Carolina (2026-2028)**
 2. Fellowship in infectious disease Modelling, **(October 2025 – January 2026) CEMA, University of Nairobi, Kenya**
 3. Point of Care Ultrasound Fellowship **(May 2025), Global Ultrasound Institute, USA**
 4. Medical Device Innovation Summer Program **(September 2025 – November 2025), Invention Education, Kenyatta University**
 5. Bachelor in Nursing and Public Health **(September 2020- December 2024), Kenyatta University**
-

OTHER PROFESSIONAL TRAININGS AND CERTIFICATIONS

- Justice Centered Research Training (2025), Africa Bioethics Network
- Fundamentals of Bioethics Training (2025), KEMRI
- How to write a compelling grant application (2025), **International AIDs Society**
- Study protocol (2025), The Global Health Network
- Point of Care Ultrasound; E-FAST, Cardiac, Lung, IV Access **(2025), Global Ultrasound Institute**
- Advanced ECG Interpretation **(2025), Quality Care Trainers**
- Clinical ECG **(2025), Quality Care Trainers**
- Advanced Cardiac Life Support **(2025), American Heart Association**
- Basic Life Support **(2025), American Heart Association**

- Tuberculosis & Mental Health (2024), WHO
- 6 steps for a sustainable implementation of national action plan on Antimicrobial Resistance (2024), WHO
- Antimicrobial resistance and infection prevention and control (2024), WHO
- Strengthening Interprofessional Education For HIV (2023), STRIPE HIV
- Bioethics (2023), CITI Program
- Biomedical Research (2023), CITI Program
- Research methods and peer review (2023), Elsevier Research Academy
- Biomedical Responsible Conduct of Research (2023), CITI Program
- Steps of conducting systematic literature review and metanalysis (2023), AuthorAid

RESEARCH, GRANTS AND INNOVATION PROJECTS

1. **Medmissions Award 2026 - Inteleos Foundation: Ultrasound Capacity Building in Low-Resource Settings. Kenyatta University** | Global ultrasound training and diagnostic capacity strengthening initiative. **Role: Principal Investigator.** January 2026 to Date
2. Health Technology Assessment (HTA) & Policy-Relevant Research
Collaboration in External Evidence Generation for the Health Technology Assessment (HTA) Process in Kenya. Health Package and Tariffs Advisory Board ~ **Social Health Authority Kenyatta University School of Health Sciences** | In collaboration with **University of Nairobi – Centre for Epidemiological Modelling and Analysis (CEMA)** | Ministry of Health, Kenya. Role~ Co-Investigator
December 2025 – Present
3. Modeling the impact and Cost-effectiveness of Lenacapavir roll-out for HIV Prevention in Kenya. **(Project Lead, UoN, CEMA) (2025-2026)**
4. AI-enabled Point of Care Ultrasound for Screening and Early Diagnosis of Pre-eclampsia and other key pregnancy parameters In Nairobi City County, Kenya – A Dual Paired Longitudinal Study. **(Deepecho Grant, New York, USA – Total Budget: \$20,000. JULY 2025-JULY 2026. Role: Principal Investigator**
5. **Mama Care:** E-Partograph, An automated labor monitoring Device
6. Introducing a brief transdiagnostic psychological intervention for trauma counselling among youth living with HIV in Kiambu County, Kenya – a pilot study **(BRIGHT Grant, Tsinghua University, China) - Total budget: \$35,000. JULY 2024 – JULY 2025. Role: Co-Investigator**
7. Usipige Picha, Okoa Maisha Campaign (Stable Health Foundation) Community Social Responsibility Initiative **(January-December 2023). Role: Project Manager**
8. **BioMinds Ai:** Technology and innovation to reduce Antimicrobial Susceptibility Tests to 4-6 hours, ensuring that patients get right treatment from day one. **Role: Founder and Scientific Lead**
9. Challenges associated with Adherence to ARV therapy among adolescents at Ruiru Sub County Hospital, Kiambu County, Kenya **(2024). Role: Co-investigator**

10. Management outcomes of burns among pediatric patients <13 years of age at Thika Level V Hospital (2022) HEPI Program, University of Nairobi. Role: Co-investigator
-

Scientific Papers under Peer Review

1. Trauma-Focused Services and Competencies of Healthcare Providers in Delivering Trauma-Informed Mental Health Care to Adolescents and Youth Living with HIV in Kiambu County, Kenya ~ **Africa Journal for AIDs Research: First Author**
 2. Cluster-Randomized Trial of Peer-to-Peer Brief Trans-Diagnostic Psychosocial Support for Adolescents and Youth Living with HIV in Kiambu County, Kenya ~ **PLOS Journal**
 3. Management outcomes of burns among pediatric patients <13 years of age at Thika Level V Hospital ~ **PLOS Journal**
-

AI VIDEO CREATION EXPERIENCE

AI Video Creator — Google Veo | Health Research & Innovation Projects, Kenya 2025 — 2026

- Created AI-generated videos using Google Veo for health research and community education purposes — developing short-form video content from scripts and prompts for diverse audiences
 - Produced medical and health education video content designed to communicate complex clinical and research concepts in accessible, engaging formats for patients and community members
 - Worked with pre-written scripts and AI prompts to generate high-quality video outputs — delivering polished content quickly and efficiently within project timelines
 - Applied AI video creation skills to health communication campaigns — creating visually compelling content that translated medical research findings into accessible formats for non-specialist audiences
 - Experienced in iterating on AI-generated video content based on feedback — refining outputs to meet specific clinical and research communication requirements
-

AWARDS/ACHIEVEMENTS

- Scholarship for Masters in Global Health, Duke University
- Scholarship for Infectious disease modelling, University of Nairobi, CEMA.
- Selected to attend the Prestigious East Africa Biodesign Workshop in Kigali, Rwanda
- Successfully became the third best in literature review competition at Kenyatta University Medical Research Conference Held on 2023/11/18
- Successfully became the third abstract presenter at Kenyatta University Medical Research Conference Held on 2023/06/03
- Successfully won an award at East Africa.com on Changing lives Award by Doctors Explain Digital Health Company
- Successfully underwent a eight-week clinical elective research program organized by HEPI Program

Peer Reviewer

- Africa Bioethics Journal

Teaching & Curriculum Development

PPS983 Interprofessional Teamwork in Global Health.

University of Kentucky, Kenyatta University | Course co-development and teaching

Role: Co-Developer & Lecturer 2025

WORK EXPERIENCE

KENYATTA UNIVERSITY SCHOOL OF HEALTH SCIENCES, **Position: PROJECTS OFFICER (JULY 2025- JAN 2026)**

Roles and responsibilities

- Assist in the design and development of the study protocol and intervention framework.
 - Ensure compliance with ethical guidelines and secure necessary regulatory approvals.
 - Oversee data collection processes, including participant recruitment and informed consent.
 - Collaborate with the other co-investigators to analyze data and interpret findings.
 - Contribute to the preparation of research reports, presentations, and peer-reviewed publications.
 - Monitor intervention delivery to ensure adherence to the study protocol and quality assurance standards.
 - Engage with stakeholders, including healthcare providers and community organizations, to facilitate study implementation.
 - Support training and supervision of research staff involved in data collection and intervention delivery.
 - Assist in the dissemination of study findings through conferences, workshops, and policy briefs.
-

Kenyatta University Teaching Research and Referral Hospital, **Position: Nursing Officer (July 2024 – December 2025)**

Roles and responsibilities

- **Patient Care Management** – Provide comprehensive, evidence-based nursing care, including assessment, planning, implementation, and evaluation of patient needs.
- **Supervision and Mentorship** – Supervise junior nurses, students, and support staff, ensuring adherence to professional standards and mentoring them for professional growth.
- **Medication Administration** – Safely administer and monitor prescribed medications and treatments, while observing and documenting patient responses.
- **Health Education** – Provide health education and counseling to patients, families, and communities to promote wellness, disease prevention, and adherence to treatment plans.
- **Quality and Safety Assurance** – Promote infection prevention, patient safety, and adherence to hospital policies, nursing protocols, and ethical standards.

- **Collaboration and Communication** – Work in multidisciplinary teams, effectively communicating with doctors, allied health professionals, and patients to ensure coordinated and holistic care.

CORE SKILLS AND COMPETENCIES

- Excellent project management and time management skills, ensuring timely delivery of objectives.
- Strong written communication skills and the ability to work effectively in multicultural and cross-cultural environments.
- Proven ability to manage multiple tasks simultaneously with minimal supervision.
- Highly organized, detail-oriented, and systematic in approach to work.
- Exceptional interpersonal skills, with a customer-focused attitude and a diplomatic approach to resolving issues.
- Proficient in computer applications, including Microsoft Office Suite (Excel, Word, Outlook) and data collection and analysis software's including Redcap, SPSS, Nvivo, R and JAMOV Software.
- Skilled at working efficiently under pressure and adapting to dynamic international contexts.
- Open to international travel and flexible to meet the demands of diverse projects.

SEMINARS, CONFERENCES AND WORKSHOPS ATTENDED

- 1st International PPH conference, Nairobi Kenya
- 2ND Nairobi City County Scientific Conference held on 20-22nd November 2025, Nairobi Kenya
- Kenyatta University Medical Research Conference (KUMREC) 2024 held in Kenyatta University
- Kenya Medical Association (KMA) Young Doctors Network held on 6th December 2024, University of Nairobi
- 1st Nairobi City County Scientific Conference held on 20-22nd November 2024, Nairobi Kenya
- October 25th, 2024 Manuscript writing workshop. UoN, Nairobi Kenya
- AfreHealth 2024 symposium on 8/07/2024 held in Nairobi
- Kenya Medical Research Institute, KEMRI Annual Conference in Nairobi, Kenya
- UON and KNH Interdisciplinary Conference 2023
- HEPI-Kenya cohort 4 on research methods, online
- Kenyatta University Medical Research Conference (KUMREC) 2023 held in Kenyatta University
- Rice 360 design & Innovation competition held at Chandaria Business & Innovation Centre, Kenyatta University
- Africa Interdisciplinary Health Conference (AFIHC) held at Kenyatta University

- Virtual Student Mobility Program held by Collaborative Online International Learning (COIL) Between Kenyatta University (Kenya) & Linnaeus University (Sweden)
 - East Africa Exhibition Conference held at Kenyatta International Conference Center (KICC), Nairobi, Kenya.
-

ABSTRACT PRESENTATIONS

- Title: Management outcomes of burns among pediatric patients <13 years of age at Thika Level V Hospital, **AfreHealth 2024 symposium on 8/07/2024 held in Nairobi**
 - Title: Management outcomes of burns among pediatric patients <13 years of age at Thika Level V Hospital, **Kenya Medical Research Institute, KEMRI Annual Conference in Nairobi, Kenya**
-

MEMBERSHIP AND AFFILIATED ORGANIZATIONS

- Africa Bioethics Network[Member]
 - KEMRI, Bioethics Society of Kenya [Member]
 - International AIDs Society [Member]
 - Stable Health Foundation, Kenya [Member]
 - Quality Care Holding Company [Training Consultant]
 - Kenyatta University Medical Research Club [Member]
 - Elsevier Research Academy [Member]
 - Kenyatta University Catholic Students Association [Member]
-

LEADERSHIP AND SERVICE

- Chairperson Stable Health Foundation Innovation Program. 2023
 - Chairperson, NCLEX sensitization Symposium 2024 Organizing Committee, Kenyatta University
 - Chairperson, KUMREC 2ND Annual Conference Organizing Committee
-

COMMUNITY SERVICE AND VOLUNTEERSHIP

- 2024: Usipige Picha, Okoa Maisha Campaign at Likoni organized by Stable Health Foundation
 - 2023: World Cancer Day Medical Camp organized by Equity Afia, Nairobi West
 - 2024: Home visit to Orphanage organized by Students Nurses Association Of Kenyatta University
 - 2019: Teacher and Volunteer at St. Alice Angels Academy for two months, Rarieda sub-county.
